**INVESTIGATIONS**

# DrugWipe5®

Detect drug use without confrontation by using a non-invasive DrugWipe5® test kit.

- On the spot results
- Field tested accurate
- Completely Confidential
- Used by Police worldwide

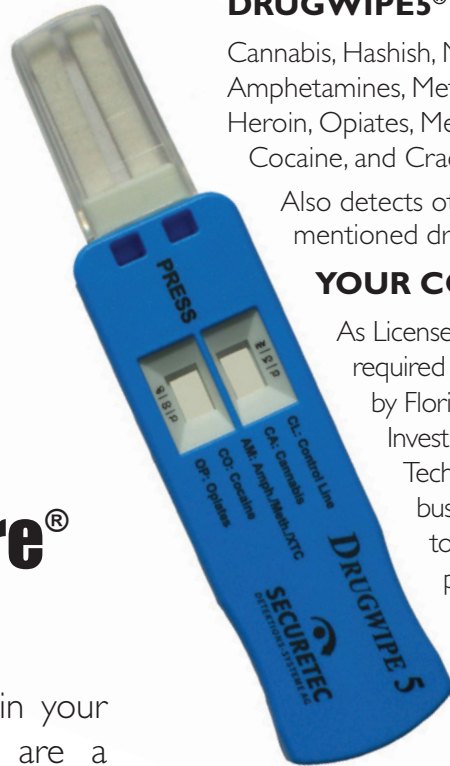

## Dare To Be Aware®

### BUSINESSES

Be aware of what is going on in your office. Employees using drugs are a liability to your company.

### PARENTS AND CHILDREN

YOUR CHOICE: Test your child or avoid a nasty confrontation and test their property. Learn the truth and get the help needed before criminal prosecution.

### DRUGWIPE5® DETECTS:

Cannabis, Hashish, Marijuana (THC), Amphetamines, Methamphetamines, Ecstasy, Heroin, Opiates, Methadone, Morphine, Oxycotin, Cocaine, and Crack.

Also detects other drugs in the above mentioned drug families.

### YOUR CONFIDENTIALITY:

As Licensed Investigators, we are required to protect your confidentiality by Florida Statutes. Our Licensed Investigators/Certified DrugWipe Technicians will come to your home, business, school or other location to test individuals or items for the possible presence or use of drugs.

## WHY YOU NEED A PRIVATE INVESTIGATOR TO TEST FOR DRUGS?

### CONFIDENTIAL!

We must protect your confidentiality under Florida Laws (F.S.S. 493.6119).

### PROFESSIONALLY TRAINED!

We are trained and certified to accurately test with unbiased results.

We will assist parents with an opportunity to obtain family & professional intervention prior to a possible criminal arrest.

We will prepare a case for employers if the need arises for termination of employees.

**HOME INSPECTORS** can test for the presence and production of Methamphetamines (Meth) before it becomes a health & liability issue.

**LAW ENFORCEMENT** can use this for roadside testing and as an investigative tool to help show Probable Cause in drug trafficking cases.

The DrugWipe5® is currently on the Executive Office of the President's National Drug Control Policy's acceptable tests list for determining drug use, distribution and manufacturing.
